About STRIVE

Society Towards Reinforcing Inherent Viability for Enrichment (STRIVE), Inc. is a non-stock, non-profit foundation established in 1994 to engage in techno-managerial and policy research on issues vital to Philippine national development. STRIVE's clients includes both policy makers and stakeholders of Philippine development.

Since its registration with the SEC on January 6, 1994 (No. ANO94-000057), SIKAP/STRIVE, Inc. has undertaken several relevant policy researches and advocacy on rice, corn, livestock, fisheries, agribiotechnology, and agribusiness systems with major emphasis on poverty alleviation, global competitiveness, sustainable development, and policy reforms in the agro-industrial sectors.

STRIVE also provides assistance to the Society's Transformation and Enrichment for Truth-Values Integration and Promotion (STET-VIP) , a national movement which develops social entrepreneurs serving communities as value-driven innovators for progress.

4.0 SUMMARY, CONCLUSION AND RECOMMENDATION. 24

4.1 Summary 24

 4.1.1 Yield. 24

 4.1.2 Farm Production Cost. 24

 4.1.3 Net Farm Income (Profitability). 24

 4.1.4 Subsistence Level Carrying Capacity Ratio 24

 4.1.5 Global Cost Competitiveness 24

4.2 Conclusion and Recommendations. 26

 4.2.1 Enhance MON 810’s Adoption Rate by Integrating Marketing Activities
with Extension.. . . . 26

 4.2.2 Re-visit the Current Price of *Bt* Corn Seeds and Explore Alternative
Credit Options of Farmers. 26

 4.2.3 Collaborate with the Department of Agriculture, Local Government
Units (LGUs), and Stakeholders in Enhancing Corn Productivity 27

 4.2.4 Establish a Continuous System of Evaluation and Socio-economic
Impact Assessment of *YieldGard* and Other Transgenic Technologies. 27
